

## APPLICATIONS

Ideal for highlighting and general lighting in retail, commercial and domestic applications. Particularly suitable where the benefits of LED lighting are required with the flexibility of a mains-voltage installation

## Product Description

Adjustable cone down light, with white reflector and white baffle, for comfort and dark light effect, die cast aluminum trim for super finish, and smooth colors, die cast aluminum body, which provides longer life for the LED lamp and better control for heat dissipation by the heat sink. copper fixing springs which provide tight fixing to the trims with the ceiling. Optional dimming systems, 0-10V, DALI

## Quality

3 Year Guarantee

## Fixture Construction

Die cast Aluminum trim in powder coated white color finish, white color baffle, and die cast aluminum adjustable body with copper fixing blades, and die cast aluminum heat sink, 10 W LED lamp. with stainless steel wire for easy installation and future maintenance.

## Lamp description

High Output LED.

LAMP DATA		TECHNICAL SPECIFICATION	
Lamp Type	LED Citizen	Cut out dia. (mm)	90 mm
Lamp No.	1	IP Rating	20
Lamp Watts	10 W	Weight (kgs)	0.32 Kgs
Lamp Lumens	650 lm	Input voltage(V)	100-240 V 50/60 Hz
Lamp Life	50000 hrs	Dimming	Optional
CRI	> 85 Ra	Color temperature	3000 K / 4000K
		Operation Temperature	C -10 To +45
